

Hello there!

We are excited to receive your application for an internship position at **Perspectify**, for the position of **Front-End Developer Intern**.

Perspectify is a Technology Startup that we are launching now. Our expertise is Virtual Reality, and our Flagship Product (Larcel.space) is a One-of-a-Kind interactive 3D Interior Design Platform.

We are looking for Passionate, Ambitious and Motivated individuals who want to grow along with the company. Joining us now will help snowball your career path and let you have the potential to grow fast in your career, with unlimited learning opportunities.

In order to proceed further, you will need to complete the following action items:

- Join the Intern Applicants [Discord channel](#)
- Design a replica of [IKEA](#) and submit it by 26th May on the below Google Form
- Optional (After completion of 1st Project) - If you are really confident in your abilities, and want to be considered for a Lead – Intern role, make a replica of [APOSE](#) by 26th May and submit on the below Google Form
- Fill in this [Google Form](#) upon completion of your Project(s) by 26th May

Qualified Applicants will get a Zoom invite on 27th May for an On-Boarding session, which will include self-introduction, and a platform for you to meet all your peers, and be briefed on the vision of the company.

This position is scheduled to begin May 31st, 2021 and will be a five-month paid internship opportunity ending on September 30th, 2021 (Flexible depending on your academic year calendar). The schedule for this position is 24 hours a week, or 100 hours a month.

The first month will be an unpaid Screening cycle, which will include training and Proof of Concept deliverables. Upon successful completion of said **Screening cycle**, the **qualified candidates** will be moved onto the next part of the internship process. From the second month, you will be granted a stipend of Rs 5000 per month, which will be increased based upon performance and review after the 5th month. During this phase, you will be diligently working with the core team to build exciting projects and technologies.

You will also be given the option to become a Full Time Employee after successful completion of your internship, based upon your performance.

Warm regards,
Ajay
